

Governor Murphy Signs Executive Order to Remove Barriers to Health Care Professionals Joining New Jersey's COVID-19 Response and Grants Broad Civil Immunity to Health Care Professionals and Facilities Providing Services in Support of the COVID-19 Response

On April 1, Governor Murphy signed Executive Order No. 112, authorizing the Division of Consumer Affairs to temporarily reactivate the licenses of recently retired health care professionals and grant temporary licenses to doctors licensed in foreign countries. The executive order also temporarily permits certain health care professionals to perform acts outside of their ordinary scope of practice and grants broad civil immunity to health care professionals and facilities providing services in support of New Jersey's COVID-19 response efforts who are acting in good faith.

The executive order supplements the State's existing health care workforce by:

- Authorizing the Division of Consumer Affairs to temporarily reactivate the licenses of healthcare professionals previously licensed in the State within the last five years. This will enable doctors, nurses, and other healthcare professionals who have recently retired or have allowed their licenses to lapse to temporarily reactivate their license.
- Authorizing the Division of Consumer Affairs to grant temporary medical licenses to doctors who are licensed and in good standing in foreign countries.
- Temporarily waiving certain scope of practice restrictions on Advanced Practice Nurses (APNs) related to physician collaboration, including a rule requiring that an APN enter into a joint protocol with a collaborating physician and a rule requiring APNs to obtain authorization from a collaborating physician in order to dispense narcotic drugs.
- Temporarily waiving certain scope of practice restrictions on Physician Assistants (PAs) related to physician supervision, including a rule requiring PAs to obtain physician authorization prior to prescribing a controlled dangerous substance.

This order takes effect immediately.
